

CYCLONE 7

NEUTRAL MULTI-PURPOSE CLEANING AGENT

concentrate

Cyclone 7 is an odourless and effective agent for general cleaning, meant for use in hospitals, SPAs, nursing homes, childcare facilities, food industry facilities, hair and beauty salons, saunas, pool facilities and everywhere else where an efficacious cleaning agent is required.

The product is suitable for cleaning water-resistant surfaces, including enameled floors, doors, glass and plastic surfaces, ceramic tiles, painted wood and metal furniture etc.

PRODUCT PROPERTIES

- good cleaning properties
- odourless
- neutral pH
- cost-efficient

USAGE

Dilute 10-40ml of Cyclone 7 in 10 litres of water. Surfaces to be cleaned are processed with the working solution, which should be allowed to take effect for a few minutes in the case of resistant dirt, after which the surface is rubbed with a brush. For effective results, use water with temperature of +20...+50°C.

STORAGE

See the best before date on the package. Store at room temperature, keep away from direct sunlight and avoid freezing to assure the quality of the product.

UTILIZATION

The working solution is ecologically safe, all active ingredients are biodegradable in flush water. Plastic packaging materials are recyclable. For collection, the plastic packaging is suitable when rinsed, the bottle and cap separated. The packaging box is sorted for cardboard collection. The compatibility of the packaging and the product is quality assured.

SAFETY INFORMATION

See the product safety data sheet for additional safety information.

COMPOSITION

alcohol ethoxylated, dodecylbenzenesulfonic acid, tetrasodium ethylenediaminetetraacetate, complexing agent

pH 6-7
