

TORNADO

DRAIN CLEANER *concentrate*

Tornado is an alkaline cleansing agent for eliminating obstructions in drains and wastewater drains and for preventing future obstructions. Dissolves organic dirt composed of fats, food particles, soap and other similar composition deposited in the wastepipe.

PRODUCT PROPERTIES

- very alkaline pH
 - fast-acting
-

USAGE

In case of a blockage pour 200ml of the product into the drain. Allow to take effect for 15 minutes (2 hours if needed) and rinse with plenty of water.

It's recommended to pour 100ml of Tornado into the drain once a month to prevent blockages, allow to take effect for 15-30 minutes and rinse with plenty of water.

STORAGE

See the best before date on the package. Store at room temperature, keep away from direct sunlight and avoid freezing to assure the quality of the product.

UTILIZATION

Product is ecologically safe, all active ingredients are biodegradable in flush water. Plastic packaging materials are recyclable. For collection, the plastic packaging is suitable when rinsed, the bottle and cap separated. The packaging box is sorted for cardboard collection. The compatibility of the packaging and the product is quality assured.
